

REACH HIGHER.

VERSALIFT
BUILT YOUR WAY

VST-47-MHI | ARTICULATED TELESCOPIC

MORE HEIGHT. MORE MATERIAL HANDLING.

The VST-47-MHI gives crews higher insulated reach, positioning flexibility, and material handling capability.

Built for overhead work that demands more height, reach, and lifting power.

ACCESS MORE

Higher articulated telescopic reach helps crews work around overhead obstacles.

- 51 ft 8 in working height
- 30 ft 8 in horizontal reach
- Continuous rotation

WORK SAFELY

Insulated design and upper controls isolation support crews working around energized environments.

- Category C insulation
- TruGuard® upper controls isolation
- 64 in upper boom insulation gap

HANDLE MORE

Material handling capability helps crews lift, place, and manage materials from the platform.

Supports up to 1,000 lb material handling capability

INDUSTRIES

Municipalities | Electric Utilities | Co-op

SPECIFICATIONS

Working Height	51 ft 8 in (15.8 m)
Horizontal Reach	30 ft 8 in (9.4 m)
Platform Capacity	400 lbs. (181 kg)
Outer/Inner Boom Articulation	-25° to +85°
Inner Boom Extension	8 ft 6 in (2.6m)
Rotation	360° Continuous

WITH STANDARD PEDESTAL

Height to Bottom of Platform	46 ft 8 in (14.2 m)
Stowed Travel Height	11 ft 0 in (3.4 m)
Platform Rotation	180°

INSULATION GAP

Upper Boom Fully Retracted	64 in (1.6 m)
Lower Boom	12 in (305 mm)

HYDRAULIC SYSTEM

Operating Pressure	3000 psi (207 bar)
Flow Rate	6 gpm (22.7 lpm)
System Type	Open Center

VST-47-MHI | ARTICULATED TELESCOPIC

REACH DIAGRAM

Reach and dimensions vary by platform, pedestal, and selected options.

OPTIONS

Configure your VST-47-MHI around the height, access, and material handling your crews need.

PLATFORM & ACCESS

- Platform Elevator
- Various Pedestal Heights
- Hydraulic Platform Leveling

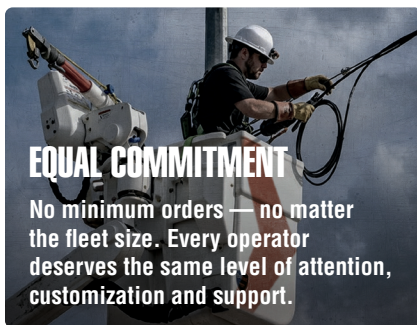

MATERIAL HANDLING

- Hydraulic Jib & Winch
- Up to 1,000 lb Jib Capacity
- Lift Eye & Line-Lifting Options

CONTROLS & UPTIME

- Second Set of Tool Power Ports
- Backup 12-Volt Pump
- Automatic Boom Latch

THE VERSALIFT DIFFERENCE

What do you need to get the job done? Versalift answers with trucks, digger derricks and cable placers built around how crews actually work. How you move, what you need and what the job demands. Delivering more payload, better efficiency and less downtime. Because when your truck is Built Your Way, the work just works.
